UR Bath and Body is the creation of Tracy Gunn. Why are we called UR? It's a great story! The name came to Tracy while she was visiting a women's homeless shelter in The Bronx. While visiting, Tracy notice that the director would stop and talk to every woman she passed in the hallways and would hug them and tell them **YOU ARE AMAZING** or **YOU ARE BEAUTIFUL**, etc., So Tracy shortened it to UR and will be naming every product things like **AMAZING** or **BEAUTIFUL**. You get the theme right?
